Off-Campus Housing: International students can reside off-campus. Students who choose to live off-campus are responsible for their own housing.

Immunizations

Students will be responsible for providing proof of immunizations upon their arrival to campus, no later than 30 days from the start of classes. Step-by-step instructions on how to complete the medical history and immunization form will be available to exchange students post-acceptance.

Health Insurance

All students are required to have health insurance coverage.

International students can enroll in the university insurance program, Student Blue. Exchange students can waive the Student Blue insurance and substitute it for a preferred insurance policy. Preferred policies must meet the following requirements:

- Plan deductible of no more than \$500 (USD)
- Minimum of \$50,000 (USD) for medical evacuation
- Minimum of \$25,000 (USD) for repatriation
- Policy must be active for the entire duration of the academic semester

Students cannot start the process of waiving out of the mandatory insurance until after acceptance to the exchange program. More details about the specific waiver process will be provided post-acceptance.
