Why Christchurch?

The city of Ōtautahi Christchurch is a recreational hot spot and is the largest and most central city in the South Island, making it the ideal base to explore from.

Gateway to the South Island

With its central east coast location, no other city offers such unparalleled access to the wider South Island.

A recreational hub

Christchurch is on the doorstep of a huge outdoor playground – with 10 ski fields within a two-hour drive and beautiful beaches close by, you can surf and ski in the same day.

The city's Port Hills are also popular for walking, rock climbing, and mountain biking.

Vibrant entertainment options

Christchurch has a busy calendar of events – from art exhibitions and cultural celebrations to sporting events and music festivals.

There are over 900 restaurants, cafés, and bars to sample, many of them close to UC.

Leisure and lifestyle

In 2019, Christchurch topped CNN's list of 19 places to visit – describing the city, its buildings, and culture as “elegant”, “gorgeous”, “colourful”, and “dynamic”.

Easy to get around

Bordered by the Port Hills, the city itself is flat and easy to get around, with an accessible city bus system.

The Canterbury region

A temperate climate with lots of sunshine and a full range of spectacular seasons, Canterbury is an ideal place to explore throughout the year.

Canterbury has more ski areas than anywhere in the Southern Hemisphere, making it a winter playground.

Code of Practice

The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021 is designed to guide institutions in their practice, and protect international students when they study in Aotearoa. UC is a signatory to the Code, and is required to meet the standards set by the Aotearoa New Zealand government.

www.nzqa.govt.nz/providers-partners/education-code-of-practice

The first thing you should do if you have concerns with your UC experience is to contact Atawhai Ākongā | Student Care, Te Rōpū Ākongā o Te Whare Wānanga o Waitaha | University of Canterbury Students' Association (UCSA), or the Kairuruku Nawe | University Grievance Coordinator to discuss your concerns and options.

www.canterbury.ac.nz/support/code

If your concerns regarding pastoral care are not resolved by UC internal grievance procedures, you can get help from NZQA, a government organisation. They provide an independent assessment of your complaint and will either investigate your concerns or advise what you can do next. Contact NZQA at www.nzqa.govt.nz, email risk@nzqa.govt.nz, or call 0800 697 296. If your concern is about a financial or contractual dispute, you can contact Student Complaints at www.istudent.org.nz or 0800 00 66 75. ‘Course content is different here than home, and I think that’s partly because this is a whole other part of the world. Taking marine biology within driving distance of incredibly diverse sea life locations (ie, Kaikōura) is way different than taking the same class in landlocked Indiana, USA, for instance.’

Feedback from previous Study Abroad students

Christina, Germany

'The MAOR165 Māori course was the most interesting class because it gave me the opportunity to learn about New Zealand's history and culture. For me, this was one of the reasons of going abroad: learning about another culture. I recognised a lot of what I had learned on my travels throughout the country, and appreciated that.'

Richard, USA

'New Zealanders truly have a strong passion for the sustainability of the Earth. I have done four Great Walks, ice-climbed Fox Glacier, and mountain-biked around the South Island, plus I've done my share of kayaking, surfing, and whitewater rafting. I have bungy jumped the Auckland Bridge and the Ledge in Queenstown. I skydived over Wanaka, and shark cage dove in Stewart Island.'

Laura, Germany

'Through being involved with a lot of different activities and meeting people with different opinions and backgrounds, I've discovered how diverse UC is. I am in class with people from all over the world every day, and it makes for interesting discussions and really broadens your horizons, and gets you thinking about ideas.'

Gabriel, Brazil

'There's nowhere better than the University of Canterbury for bringing together the best professors and professionals in the field. The University has a wide range of research in construction and I decided to be part of this group of researchers.'

Hayley, USA

'The mid-semester field trip for my Ecology class was an experience I would not have been able to have at my home university. Doing field work in Arthur's Pass was a great experience that gave me a taste of what it's really like to do research in a natural environment.'

Zach, USA

'The professors and lecturers seem more passionate about students learning, rather than delivering everything that is required. It really seems like they take the extra step.'
